PROFESSIONAL SUMMARY:

Passionate and goal-oriented Full Stack Developer with hands-on experience in building responsive, scalable, and user-friendly web applications using modern technologies such as React.js, Node.js, and Express.js. Formerly a US IT recruiter, I am now thriving in software development with a solid foundation in frontend development, API integration, backend development, database management, and deployment. Adept at collaborating with clients and teams to deliver efficient and impactful web solutions.

EDUCATION:

- **B.E in Electronics and Communication Engineering** **Aug 2019 - Jun 2023**
Sri Ranganathar Institute of Engineering and Technology, Coimbatore
- **Higher Secondary School** **Jun 2017 - Apr 2019**
Sathya Sai Matric Higher Secondary School, Agalar, Thuneri

TECHNICAL SKILLS:

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frontend:** React.js, Redux, Bootstrap, Material UI, Tailwind CSS
- **Backend & Database:** Node.js, Express.js, MySQL, Prisma
- **Tools & Platforms:** Git, GitHub, Postman, Thunder Client, JWT, VS Code
- **Deployment:** Render, Netlify

PROFESSIONAL EXPERIENCE:

Full Stack Developer **May 2024 – Present**
I-Bacus Tech Solutions Pvt. Ltd., Coimbatore

Developed and deployed full-stack web applications with a strong focus on front-end design, back-end integration, and database management. Proficient in React.js, Node.js, Express.js, Prisma, and MySQL, with hands-on experience deploying production-ready apps on Render.

- Developed responsive and user-centric front-end applications using React.js for dynamic UI behavior and efficient state management
- Designed and implemented responsive user interfaces using various Frameworks and libraries such as Material UI, Bootstrap, React Icons and media queries to ensure seamless cross-device performance.
- Built and maintained RESTful API endpoints using Node.js and Express.js.
- Created and managed MySQL databases, utilizing Prisma ORM for efficient querying, schema migrations, and relational data modeling.
- Integrated front-end components with back-end services for real-time data fetching, secure user authentication (JWT), and comprehensive error handling.

- Deployed full-stack applications to Render, configuring build pipelines, managing environment variables, and ensuring production-ready performance.
- Actively identified, debugged, and resolved real-time issues in live production environments, gaining hands-on experience with optimizing performance, managing deployment logs, and maintaining scalable and maintainable codebases for long-term reliability.
- Used Git and GitHub for version control, handling branching strategies, pull requests, code reviews, and collaborative development workflows.
- Collaborated directly with clients to gather requirements, propose solutions, and deliver successful projects that met and often exceeded expectations.

PROJECTS:

Checklist Genie (Task Management App)

- Built responsive checklist creation, template management, and admin control UI.
- Integrated backend APIs for real-time task updates and user-specific views.
- Deployed production-ready app ensuring uptime and accessibility.

Good Food App (Food Subscription App)

- Developed a subscription-based food ordering platform with automated daily meal deliveries.
- Built admin panel functionality to manage dynamic subscription menus and meal plans.
- Designed a responsive, mobile-friendly UI using Material UI for a smooth cross-device experience.
- Deployed the application using Render, ensuring a reliable production environment.

Manohar Jewellery (Inventory and Billing Automation App)

- Built inventory system with automated weight and billing calculations.
- Integrated QR code scanning and PDF bill generation.
- Delivered an efficient system, reducing manual processes for clients.

TRAINING & CERTIFICATIONS:

- Frontend Development Trainer - Conducted hands-on sessions on HTML, CSS, JavaScript, and React.js.
- Completed self-paced courses on Frontend development via Simplilearn.
- Completed Full Stack Development course on I-Bacus Tech Solutions Pvt. Ltd.

PREVIOUS EXPERIENCE:

US IT Recruiter, Akidev Corporation, Coimbatore

Feb 2023 – May 2024

Worked as a US IT Recruiter, collaborating with direct clients such as Facebook, Tesla, and Blackhawk to fill multiple IT positions and successfully placing candidates by using ATS.

- Utilized Applicant Tracking Systems (ATS) to efficiently manage candidate pipelines, track applicant progress, and streamline the end-to-end recruitment process.
- Built a strong talent pipeline by sourcing, screening, and engaging top-tier IT professionals using various recruitment tools and platforms and also consistently met client success metrics.
- Maintained strong relationships with clients and consultants, contributing to repeat business, referrals, and the organization's overall success and growth.
